We are just at mid-year and have almost matched our rescue and arrest totals for 2018!

In the past 6 years,  
**2,603** Victims Rescued  
**1,365** Traffickers Arrested

**Sentences have been announced for predators we helped capture.**

Dominican Republic - German predator will serve 20 years

Peru - American predator will serve 27 years

*Both sentences are a significant amount of years for sex trafficking. This shows that progress is being made in this fight.*

We are now supporting Aftercare in **Ukraine** and **Nepal** and are planning future rescue operations and training law enforcement.

We are facilitating the repatriation of survivors back to 3 different home countries in Africa. These survivors were found trafficked by false employment agencies throughout the Mediterranean.
